About us

Founded in 2013 located in historic Davis, WV. Big Belly Deli was started with the idea that food should be not only quick, but fun, filling, and inexpensive. We searched the globe (or at least our little corner of it) to bring you the best ingredients that we could find for our made-to-order sandwiches, deli salads, soups, & baked goods. We wanted to make sure that you never went hungry.

Oh, who are we kidding? We just wanted to be able to get a Pastrami sandwich in this town.
